## SIGNATURE KEYNOTE

### ***High-Impact Communication for Leaders***

Your attendees are smart and accomplished. But when the spotlight is on – the big presentation, the investor pitch, the media interview – most professionals still leave something on the table. This high-energy, interactive keynote gives audiences a clear, repeatable framework for communicating with confidence and authority in any environment.

#### **Attendees leave knowing how to:**

- ◆ Structure any message for clarity and impact
- ◆ Command a room – or a camera – with confidence
- ◆ Eliminate habits that quietly undermine credibility
- ◆ Handle pressure and tough questions without losing the room

## ADDITIONAL KEYNOTE

### ***Building Your Brand Through Media***

For executives and entrepreneurs building their public profile. Drawing from thousands of on-air interviews, Dave shows audiences what makes someone unforgettable on camera – and delivers a practical roadmap for finding their voice and standing out on screen.

## ALSO AVAILABLE

### ***Resilience & the Human Spirit***

Drawing from his personal battle with stage 3 melanoma, Dave delivers a powerful keynote on resilience, mindset, and human connection – ideal for healthcare organizations, cancer foundations, and human-centered leadership events.
